3. Introduction to the Rocky Mountain Ministry Network

[\(Return to Index\)](#)

You are part of something special, something diverse, and something that is changing lives in Colorado and Utah! You and the church you minister in are an important and needed member of a community of churches called the Rocky Mountain Ministry Network. With 160 churches, 525 ministers, and 44,000 adherents, the Rocky Mountain Ministry Network stretches 800 miles from St. George, Utah, on its western border to Burlington, Colorado, on its eastern boundary.

Our Network includes some of the most beautiful and breathtaking mountains and landscapes in the United States. Possessing nearly half of the nation’s mountains with an elevation of over 14,000 feet, Colorado and Utah offer an abundance of state parks, national forests, white water rivers, and streams. Whether it is camping, fishing, hunting, skiing, hiking, mountain climbing, or countless other adventures, the Rocky Mountain Ministry Network is ground zero for outdoor living.

Geographic, demographic, and cultural diversity are the network’s greatest challenges. Its ministries are found in urban centers like Denver, Aurora, Colorado Springs, and Salt Lake City as well as those scattered across suburban and rural communities in the plains and mountains of our region. Each week our Network worships in over 18 different languages of the world while

being unified by one purpose. Utah's unique spiritual stronghold makes it Christianity's last frontier in the United States. Colorado's ranking among the nation's top ten unchurched states demands the network culture be one of creativity, perseverance, diversity, and collaboration. Whether it is a cowboy church in Durango, an Ethiopian church in Aurora, a suburban church in Logan, an urban church in Denver, or a megachurch in Fort Collins, our ministers are faithfully striving to reach the cities, towns, and communities of Colorado and Utah. In addition to our local churches, we have 96 home missionaries serving on college and high school campuses, in drug rehabilitation centers, and in church planting, not to mention chaplains serving hospitals, military bases, rodeos, foster care, and sex-trafficking intervention ministries.

However, our impact is not limited to Colorado and Utah. Our Network has nearly 60 foreign missionaries in over 21 nations of the world. Together, our ministries invest over \$6 million a year in sending missionaries to the lost and least-reached people of the world.

We believe diversity is one of our greatest assets. We believe that just as the mighty Colorado River connects our two states, so does our passion to build God's kingdom in the Rocky Mountain region. We believe we are better . . . together!

4. Our Vision, Purpose, Strategy, and Goals

[\(Return to Index\)](#)

- A. **Vision.** The vision of the RMMN is to bring eternal hope to Colorado and Utah communities.
- B. **Purpose.** The purpose of the RMMN is to bring eternal hope to Colorado and Utah communities through *healthy ministers, vibrant churches, and Spirit-driven relevance*.
- C. **Strategy.** The strategy of the RMMN is to achieve our vision and purpose through the following five strategic initiatives:
 - 1. **Empower ministers.** Credential, equip, and resource ministers.
 - 2. **Resource churches.** Resource, train, and network churches.
 - 3. **Build community.** Connect, include, and collaborate.
 - 4. **Spirit-driven relevance.** Spirit-inspired creativity, strategy, and ministry applications that empower us to overcome unforeseen obstacles and leverage opportunities.
 - 5. **Facilitate the future.** Create future opportunities for the Assemblies of God in Colorado and Utah by establishing long-term vision, new and innovative income streams, and church multiplication.
- D. **Goals.** The goals of the RMMN are short annual objectives that are measurable and mark progress towards our vision. Once determined, they are evaluated, revised, or abandoned as needed. Reports of our current goals and progress can always be found at www.generationone.org/we.

A short introductory video can be viewed at [this link](#).

5. Demographics and Organizational Structure

[\(Return to Index\)](#)

Following is a quick, wide-angle view of the Network's demographics and structure.

A. Scope of Ministry. The RMMN encompasses the states of Colorado and Utah with:

1. 160 churches (5/4/2025)
2. 522 ministers (5/4/2025)
3. Nearly 44,000 constituents

B. Church Categories. There are two different kinds of churches in our Network:

1. **General Council churches (GC)** are self-sustaining and self-governing, existing with limited autonomy.
2. **Network Council affiliated churches (NC or DC)** are not self-sustaining and lack qualified local leaders (credentialed pastors or qualified board members) to be self-governing. Although these churches have a local advisory board, their official board is made up of the Superintendent (Chair), Secretary/Treasurer, local presbyter, and sectional committee (two other local ministers elected by their section).

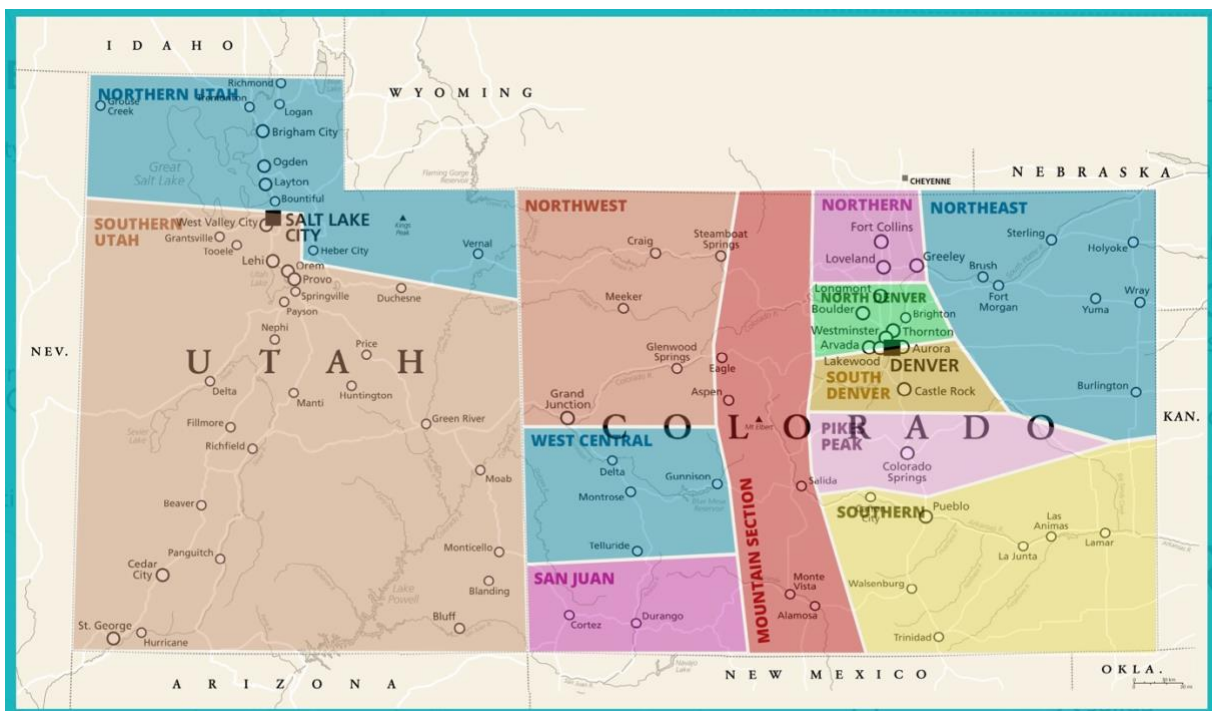

C. Geographic Regions. The Network is organized into 3 of the following geographic regions:

1. **East Slope.** The East Slope consists of all ministries east of the Continental Divide to state borders on the north (Wyoming), south (New Mexico), and east (Kansas). This region consists of 6 sections and approximately 110 churches and parachurch ministries.
2. **West Slope.** The West Slope consists of all ministries west of the Continental Divide to state borders on the north (Wyoming), south (New Mexico), and west (Utah). This region consists of 4 sections and approximately 50 churches and parachurch ministries.
3. **Utah.** The Utah region consists of the entire state with 2 sections and approximately 35 churches and parachurch ministries.

- D. Geographic Sections.** The Network has three geographic regions made up of 12 geographical sections.
1. **The Utah Region** consists of the Northern Utah and Southern Utah sections.
 2. **The West Slope Region** consists of the Northwest, West Central, San Juan, and Mountain sections.
 3. **The East Slope Region** consists of the Northern, Northeast, North Denver, South Denver, Pikes Peak, and Southern sections.

Although our sectional boundaries are not determined by physical, political (county, states, or cities), or interstates and streets, they represent clusters of churches that share similar geography or culture. The map below may help in getting a visual understanding of each section's sphere of representation.

- E. Governance Structure.** The Network is led by the District Superintendent who serves as the Chief Executive Officer and Chairperson of the official board. The leadership community consists of the following structures recognized in our bylaws. The RMMN bylaws empower giving executive leadership over the Network and its two governing boards.
1. **District Executive Team** (corporate officers) consists of three offices: the Superintendent (Chairperson, Chief Executive Officer, and full-time employee); Secretary/Treasurer (secretary and treasurer, and full-time employee); and Assistant Superintendent (volunteer position). All executive officers are elected by the Network Council in session.
 2. **Executive Presbytery** consists of the following 6 members: Superintendent, Assistant Superintendent, Secretary/Treasurer, and three regional Executive Presbyters (Utah, West Slope, and East Slope). The Executive Presbytery is elected by the Network Council in session.

3. **Presbytery Board** (official board) is made up of 18 members consisting of 3 Executive Officers, 3 Executive Presbyters, and 12 Sectional Presbyters.
4. **Sectional Committees/Teams** consists of the Sectional Presbyter and 2 other members elected by their sectional peers.

F. Governing Documents. The Network has adopted the following governing documents:

1. **Bylaws.** The current version of the Network bylaws can be accessed on our resource index at [this link](#).
2. **Parliamentary authority.** The Network bylaws have prescribed the most current edition of *Robert's Rules of Order Newly Revised* as our parliamentary authority.
3. **Standing rules.** Specific rules have been adopted by the Presbytery regarding unique situations and policy.

6. Network Office and Team

[\(Return to Index\)](#)

The Network has assembled a capable team to serve our ministers and churches. Following is a basic summary of who they are and how they serve.

A. Location. The Network office is in Colorado Springs, Colorado, and is housed in a two-story office building the Network owns. The Network uses the entire upper level and rents the bottom floor out to businesses in order to subsidize all the expenses related to the building's operation and maintenance. The Network space contains office suites, a workroom, a kitchenette, a meeting room, and a state-of-the-art studio for podcasts and videos.

B. Executive Leadership Team. The Network's Executive Leadership Team consist of three members:

1. **Superintendent's office.** The Superintendent's office gives executive leadership to vision implementation, churches, missions, ministers, church vacancies, Network and Sectional Councils, church planting, and future initiatives.

2. **Secretary/Treasurer’s office.** The Secretary/Treasurer’s office gives oversight to credentials, district-affiliated church finances, budget and finance, and property and grounds.
3. **Assistant Superintendent.** The Assistant Superintendent is a volunteer office which is given assignments by the Network Superintendent.

C. **Church Ministries Team.** The objective of the Church Ministries Department is to provide training, resourcing, and networking as defined below.

- **Training.** Providing training and skill development for volunteer leaders in our RMMN churches as outlined in the strategic chart below. Examples would include online video, in-person events, webinars, peer coaching, and online learning platforms.
- **Resourcing.** Providing a balance between customized resources that are regionally applicable and awareness of existing resources that are highly relevant in the local context. Examples include podcasts, blogs, videos, PDF documents, and websites.
- **Networking.** Providing opportunities to develop peer relationships, interactions, and spiritual formation through in-person and virtual events.

Mission creep occurs when an organization gradually expands its goals beyond its original mission, often resulting in inefficiency, overextension, and a loss of direction. Success will require the CMD to take an intentionally strategic approach, focusing on areas that deliver the greatest benefit to the most churches and lay leaders across our Network. The areas marked with an “X” indicate the minimum level of expected support in each category.

7. Financial Responsibilities

[\(Return to Index\)](#)

There are many benefits and services prescribed in our bylaws that we provide to ministers and churches, as well as obligations we have to one another. Following are a few to help bring focus to this area:

- 1. Webpage.** A webpage explaining the resources listed below at [this link](#).
- 2. Retirement contribution.** A voluntary program in which ministers can choose to have ten percent of their monthly tithe to the Network forwarded into a retirement account with either Church Extension Plan (CEP) or Ministers Benefit Association (MBA). The plan is limited to these two Assemblies of God financial services organizations. Should you decide to participate, you must decide which of these two AG organizations is best for you. Many ministers use both as a way to diversify their retirement planning.
- 3. Retirement Essentials Class.** The RMMN has created a three-hour self-paced interactive online class entitled “Retirement Essentials.” The course is free to all RMMN ministers and can be taken at your own pace from anywhere with internet access. After completing this training, you will receive a Certificate of Completion. The first 50 individuals who complete the course each year will receive \$250 as a special contribution from the Network to open their CEP retirement fund. The course is available at [this link](#).
- 4. Book for ministers.** A free copy of the short paperback book entitled, *Minister Retirement, Bringing Clarity to Retirement Planning* by Gene Roncone and Darren Mullenix, CFP®, ChFC® is available to all RMMN ministers through the Secretary/Treasurer’s office.

K. **Quarterly “We Report.”** As a Network, we welcome the question, “What has the Network done for me or my church?” Ministers rightfully want to know how their tithes are being mobilized to serve them and their churches. Local church board members need to be exposed to the benefits of our cooperative fellowship. Staff members and volunteers may not even know the arsenal of spiritual resources the Network has provided for them. That is why the “WE REPORT” documents our quarterly progress in the following four strategic initiatives:

1. **Empower ministers.** Credential, equip, and resource ministers.
2. **Resource churches.** Resource, train, and network churches.
3. **Build community.** Connect, include, and collaborate.
4. **Facilitate the future.** Create opportunities for the Assemblies of God in Colorado and Utah by establishing long-term vision, new and innovative income streams, and church multiplication.

The latest and most updated version with a table of contents can be viewed along with previous reports. Feel free to read it, ask questions, or pass the PDF version on to your own leadership community. The report can always be accessed at www.generationcone.org/we.

9. Camp Cedaredge

[\(Return to Index\)](#)

The Network owns and operates a campground in Cedaredge, Colorado. It is located on the edge of the West Slope in the geographic middle of the Network. Outside of the Network office, no ministry or organization has had a more profound spiritual impact on our Network than Camp Cedaredge. Many of our RMMN ministers can recall moments at Camp Cedaredge where God called youth, children, lead pastors and missionaries to ministry. Thousands have received Spirit-baptism at the camp’s altars. Its strategic location at the geographical center of our Network is like the mighty Colorado river that has linked our two states together in Kingdom impact.

Camp Cedaredge is located on the western slope of Colorado, 3 miles out of the town of Cedaredge. You will love the beauty you find when you arrive. Nestled at the base of the Grand Mesa, you are not far from great fishing, camping, hiking, snowshoeing and more. It is led by a director and support staff that varies depending upon the season and schedule of events.

The camp has a two-story dormitory, newly built bunk house, cafeteria, and a newly remodeled snack bar and sweet shop. The Chapel is equipped with a sound system, projectors, TV's, fireplace and can comfortably seat 350 people.

They provide activities such as archery, ropes course (including a zip-line), huge 65+ acre field, putt-putt golf, paintball, newly built game room and playground.

Camp Cedaredge can accommodate anywhere from 25 – 375 in their lodging facilities. They are an intricate part of our Network and share in many memories and stories from those who grew up going to summer camps and events, as well as called to ministry during camp altar times. They are open year-round.
